

## CPC30211 Certificate III in Carpentry

**Overview** If you wish to become a licensed trade contractor, or a qualified tradesperson, in carpentry, then you will need a Certificate III in Carpentry.

In order to complete the Certificate III in Carpentry, you must be either an apprentice or be able to complete the qualification through Recognition of Prior Learning (RPL).

**Course details** In order to be able to enrol into the Certificate III in Carpentry, you must be employed as an apprentice and have a signed Registered Training Contract stating that PCD Training is the Supervising Registered Training Organisation (SRTO).

If you are a mature age worker you can complete the entire qualification through Recognition of Prior Learning (RPL). You must be able to complete the majority of units through the RPL process. We cannot offer training for the entire qualification to those who are not apprentices.

Throughout the duration of your apprenticeship, or RPL application, you will complete thirty (30) units for the CPC30211 Certificate III in Carpentry.

Costs	Apprentice   \$600		RPL   \$2700	
	<p>If you are an apprentice, the Queensland government funds the majority of the cost of the course. However it is expected that the apprentice contributes a small portion toward the cost of their training, and so we require a student contribution fee.</p> <p>If you are a mature age worker and can RPL the entire/majority of the qualification, then you will need to pay a Full Fee for Service (FFS) price yourself. There is no funding available in this situation unfortunately.</p>	<p>As an apprentice, while the Qld government funds the majority of the course, you will be required to pay a student contribution fee of <b>\$20 per unit</b>.</p> <p>You DO NOT have to pay this entire fee upfront. You can pay the \$20 per unit on a unit by unit basis as you enrol into the relevant units.</p> <p>The total student contribution fee for the entire course is \$600.</p>	<p>As a mature age worker applying for RPL for this qualification, you will need to pay the full price of <b>\$2700</b>.</p> <p><b>You will be required to pay a non-refundable deposit of \$300 up front.</b> The balance will be invoiced once the RPL application has been finalised and payable before the certificate is issued.</p>	

**RPL** Recognition of Prior Learning (RPL) for this course is designed for those who have been a carpenter, or doing carpentry work, for a number of years but did not complete an apprenticeship, eg have been employed on wages by a licensed carpenter or builder to do carpentry work.

In order to apply for RPL for this course, you must be confident that you will be successful in gaining RPL for the majority of the thirty (30) required units. We can only train out an RPL applicant in one (1) or two (2) units.

To view the list of the required unit for the course, visit the website below or the units listed shortly:  
[https://training.gov.au/TrainingComponentFiles/CPC08/CPC30211\\_R2.pdf](https://training.gov.au/TrainingComponentFiles/CPC08/CPC30211_R2.pdf)

After reviewing the required units for the course and you still wish to apply for RPL for the course, please contact us on **1300 797 123** for more information.

**Apprentice**

Completing this course as an apprentice will require the following:

- Completing the underpinning knowledge (theory) online. This would be the same as if you went to TAFE and sat exams based on lecture notes.
- Completion of a logbook. This is completed online and can include the upload of videos, photos plus other documents.
- Completion of on-site training and assessment with your employer and facilitated and supervised by PCD Training trainers. This would be the same as completing practical skills at TAFE on block release.

You will be fully supervised and supported in every aspect associated with the completion of the course by one of our trainers. They will also liaise with your employer to ensure progression and help with any questions or concerns.

**Requirements**

You will need the following to complete the course online from home:

- Access to a computer, laptop or tablet that has a webcam.
- Access to the internet.
- An internet browser (we highly recommend to use Google Chrome, FireFox or Safari. We don't recommend Internet Explorer.)

You WILL NOT need to purchase any software, text books or other resources apart from what is listed above.

**Units**

You will need to complete thirty (30) units for the course.

A typical training plan will include the following units.

**Core units**

- CPCCCA2002B Use carpentry tools and equipment
- CPCCCA2011A Handle carpentry materials
- CPCCCA3001A Carry out general demolition of minor building structures
- CPCCCA3002A Carry out setting out
- CPCCCA3023A Carry out levelling operations
- CPCCCM1012A Work effectively and sustainably in the construction industry
- CPCCCM1013A Plan and organise work
- CPCCCM1014A Conduct workplace communication
- CPCCCM1015A Carry out measurements and calculations
- CPCCCM2001A Read and interpret plans and specifications
- CPCCCM2002A Carry out excavation
- CPCCCM2007B Use explosive power tools
- CPCCCM2008B Erect and dismantle restricted height scaffolding
- CPCCCM2010B Work safely at heights
- CPCCC2013A Carry out concreting to simple forms
- CPCCOHS2001A Apply OHS requirements, policies and procedures in the construction industry
- CPCCCA3003A Install flooring systems
- CPCCCA3004A Construct wall frames
- CPCCCA3005B Construct ceiling frames
- CPCCCA3006B Erect roof trusses
- CPCCCA3007C Construct pitched roofs
- CPCCCA3008B Construct eaves

**Elective units**

- BSBSMB401A Establish legal and risk management requirements of small business
- CPCCCA3010A Install and replace windows and doors
- CPCCCA3012A Frame and fit wet area fixtures
- CPCCCA3013A Install lining, panelling and moulding
- CPCCCA3016A Construct timber external stairs
- CPCCC2003A Erect and dismantle formwork for footings and slabs on ground
- CPCCCA3017B Install exterior cladding
- CPCCCA3014A Construct bulkheads

**How to enrol**

Enrolling is easy and painless:

1. If you are already an apprentice, let your employer know that you want PCD Training as your Supervising Registered Training Organisation (SRTO). You will need to contact an Australian Apprenticeships Centre to organise your training contract.
2. If you would like to apply for RPL for the course, please ring us on **1300 797 123**
