

White card assessor

(CPCCOHS2001A Apply OHS requirements, policies and procedures in the construction industry)

Overview

To be able to assess the new unit required for the general safety induction 'White Card', *CPCCWHS1001 Prepare to work safely in the construction industry*, assessors need to hold the unit **CPCCOHS2001A Apply OHS requirements, policies and procedures in the construction industry**.

For more information on this requirement, review the 'assessor requirements' at: https://training.gov.au/TrainingComponentFiles/CPC/CPCCWHS1001_AssessmentRequirements_R1.pdf

Course details

You will complete the nationally accredited and recognised unit of competency, and be issued a Statement of Attainment for **CPCCOHS2001A Apply OHS requirements, policies and procedures in the construction industry**.

This unit not only satisfies the requirement to assess the new 'White Card' unit, but it can also be used towards several qualifications if you decide to do further study. Such qualifications include CPC10110 Certificate I in Construction, CPC20211 Certificate II in Construction, CPC30211 Certificate III in Carpentry, etc. For the full list of qualifications the unit can be used toward, visit:

<https://training.gov.au/Training/Details/CPCCOHS2001A>

Fees and payment of fees

There is just the one full fee price for the course.

Unfortunately there is no funding available.

You can start and complete the course/unit before paying for it.

You will have immediate access to all content and assessments without having to pay upfront.

You can pay whenever you like, at the start, in the middle or right at the end after you have completed all assessments.

Fees can be paid by direct deposit into our bank account, or by credit card in our online system. Please note, we **do not** charge any extra fees for payment by credit card.

Full Fee | **\$300**

This is the full fee price of the course.

There are no eligibility or entry restrictions.

Anyone wishing to complete the course/unit, regardless of where you live and citizenship status, etc, can enrol.

Online

You are able to complete the course entirely online, in your own time.

You can enrol, and complete the course, 24/7, 365 days of the year.

As soon as you complete all tasks, and we have received your course fees, you will receive instant access to your Statement of Attainment via an email you will receive and/or through our online system. No waiting 21 or more days for it.

Even though you will be working on the course from home, in your own time, you still have access to trainer support.

To access help and support you can do one, or all, of the following:

1. You can submit an **online contact form** from the question you are working on, and we will get back to you ASAP.
2. Ring us on **1300 797 123**
3. Email us as: **info@pcdtraining.edu.au**
4. Start a 'Chat' from our website.

Requirements

You will need the following to complete the course/unit online from home:

- Access to a computer, laptop or tablet that has a **webcam**.
- Access to the internet.
- An internet browser (Chrome, FireFox or Safari, not Internet Explorer or Edge.)
- **Personal Protective Equipment (PPE)** such as a hard hat, eye protection, hearing protection, gloves, high vis jacket and safety boots.

You WILL NOT need to purchase any software, text books or other resources apart from what is listed above.

Whilst the access and use to the PPE equipment listed above is highly desirable, you are still able to complete the relevant assessments if you do not have any. Simply let us know when you come to do the assessment that you do not have the PPE and outline the steps you would take in lieu of.

Duration

It is extremely hard to give an indication as to how long it will take you to complete the course, as it is competency based, ie if you have some knowledge already in the areas and topics, you may be able to complete the course in half or less time than someone who does not.

We have had students complete within a couple of days, while others have taken a couple of months.

However there is no minimum or maximum time.

Nominal duration (what is usually allowed for funding purposes only) is 20 hours.

Structure of unit and assessments

Course structure

Some topics covered by the course include:

- Hazards and risks
- Duty of care
- Incident reporting and legislation
- Hazardous materials, signs and symbols
- Controlling risks
- Asbestos containing materials
- PPE, tools and equipment
- Barricades
- SDS, JSA and SWMS
- Environmental requirements
- Types of fire and fire equipment
- First aid or minor injuries
- Emergency response and evacuation

Assessments

Assessments will be in the following form:

- **Computer marked:** a mix of computer marked questions will be used such as true/false, fill-in-the-blanks, multi-answer, click in order, click the image, etc. The computer will mark your answer immediately. If your answer is correct, you will proceed to the next question. If you get the answer wrong, you can attempt again, however you may get a different variation to the question. Full resources are provided for every question.
- **Trainer marked:** you will be required to complete assessments and upload for us to assess. These assessments include short answer responses to a question, obtain certain documents online and upload, complete a hazard report template, etc.
- **Video response:** you will be required to use your webcam to create a video where you answer questions. The video is created in our system. Some video responses will require you to talk about and demonstrate PPE.

RPL

If you wish to apply for Recognition of Prior Learning (RPL), please contact us at **admin@pcdtraining.edu.au**

For an RPL application you will be required to complete the following:

1. Provide evidence, such as photos, videos and/or other documented evidence, and
2. Provide at least three (3) third party testimonials, and
3. Complete an on-site or online interview by PCD, and
4. Complete a quiz based on the unit, and
5. Provide a video response outlining your experience and why you have covered all aspects associated with the unit CPCCOHS2001A.

All of the above will be used to cover all requirements of the unit CPCCOHS2001A, eg performance criteria, critical aspects, required knowledge, etc. You can view the full requirements of the unit at:

https://training.gov.au/TrainingComponentFiles/CPC08/CPCCOHS2001A_R1.pdf

You should weigh up the time it would take to compile all of the required evidence above, and being able to satisfy **ALL** of the unit's requirements vs completing the assessments under a normal enrolment.

Why choose PCD Training?

What makes PCD Training different to other providers? Some of the points below may help answer that question:

- You can enrol 24/7, 365 days a year online.
- You can start and complete your course/unit before paying for it, you can pay right at the end if you want.
- You receive a copy of your Statement of Attainment as soon as you complete, and pay for, your course. You do not have to wait 21 or more days like at other providers.
- You don't have to sit an exam.
- You can study when and where you like, you don't have to be locked in to attending classes on set dates and times.

How to enrol

Starting is easy and painless and can be done a few ways:

1. Go to our website: **<https://pcdtraining.edu.au/CPCCOHS2001A>** and click the 'Start now' button, or
2. Ring us on **1300 797 123**, or
3. Email us your full name, email address, mobile number and you would like to do this course to **admin@pcdtrainng.edu.au** and we will look after you from there.

Easy as that!
